## Happenings in and Around Bellevue

Tony Sardino will open a livery barn at Maple Leaf.

Mr. Adam Leimer spent Easter with his sister in Fernie.

Mrs. Joe Drayler, of Hillcrest, spent Easter in Lethbridge.

Mr. Wilcox of Frank has commenced work in Maple Leaf mine.

Misses Perry and Rogers spent Easter visiting at Granum and Calgary.

Miss Ella Curran spent Easter with her uncle in Coleman. She passed through here on Tuesday en route to Calgary.

Rev. Geo. Edwards, of Livingston, is in the camp writing examinations under the supervision of Mr. Twinn.

A party from Bellevue went up to the anniversary entertainment and supper at Coleman Presbyterian church on Monday night.

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. B. Kendrick, Ranges, Cal. "It is the best cough remedy on the market for coughs, colds and croup."

Mr. C. A. Richardson, late of Frank, has opened a livery business here. He will have a bus and all trailer, which is a feature much appreciated by the Bellevue people.

At the service in the Methodist church last Sunday morning, the following were elected to represent the congregation on the official board: Messrs. Joseph Atkinson, Herbert Kohn, John Brooks and Walter Goodwin.

Mr. Brin will preach in the church next Sunday evening at 7.30 upon the subject, "Our Images of the Christ." Every body will be made welcome. The subject will be thrown open for discussion after the close of the service.

An accident occurred in the mine last Thursday when an Italian workman was badly crushed between two cars. His condition was found to be not so serious as at first it appeared, and the able services of Dr. McKenzie soon brought him around.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from leaf sugar and the roots used in its preparation give it a flavor similar to maple syrup making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

Miss Mushkat, the Socialist organizer, gave an interesting talk in the Socialist hall on Saturday night, in which she set forth plainly the Socialist platform, and exhibited a mastery of historical and scientific knowledge. A large and enthusiastic audience listened to the address.

The football enthusiasts had their first play-out on Saturday evening and showed great promise of being able to put a team in the field this year that will make all contending teams sit up and take notice. It is safe to wager that Bellevue will keep the silverware for another year.

Constipation brings many ailments in its train and is the primary cause of much distress. Keep your regular motion, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Natural often needs little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by all dealers.

## C.N.R. to Erect Ten Story Offices in Toronto

Toronto, April 6.—The Canadian Northern railway will erect a ten story office building on the site of its present offices at the corner of Toronto and Bloor streets and the construction will commence in a year.

Official confirmation from the C.N.R. should not be obtained yesterday, but the source of information is most reliable.

All the C.N.R. officials would say was that they were considering such a project. It was learned this week that plans have been drawn for such buildings.

**Blairmore Locals**  
BORN.—On March 31st, at Holloway's maternity home, to the wife of William Young of the South Fork, a son.

BANANAS, RIPE TOMATOES, GREEN ONIONS and Lettuce on sale Saturday morning at the store of Albert Trading Company—The Family Grocer—Phone 147, Blairmore.

FOR RENT.—Four rooms, plastered house, with bath room and hot and cold water fixtures, in nice location in Blairmore. Also FOR SALE, a second hand cook range, almost new. Apply W. J. Bartlett, "Enterprise."

Of late several herds of antelope have been seen in the vicinity of Burnside and Lundbreck. For some time these animals have been frequenting the prairie around about Burnside, the attraction said to be the feed stored by this region.

A strike occurred among the baggage men in the local mine on Thursday last. The dispute arose over the activity of the drivers in discharging one of the men. The trouble was settled by the discharged man being reinstated at the prospect, and the men resumed work, having lost only one shift.

The band concert given by the local band on Sunday afternoon attracted a large crowd from the neighboring towns. The weather conditions were favorable and the concert was a pronounced success. Bellevue can now boast of having the best brass band in The Crown West Pass, and much credit is due the leader Geo. Goodwin for his efficiency.

The following members of the Bellevue club constituted a team which went up to shoot against Pincher Creek on Good Friday. Messrs. Burnett, Euseley, Lyons, Windsor, Holmiste, Murray and Sergt. Dowers. The Bellevue team carried off the honors in both the 15 bird and 25 bird events with the following scores: 15 bird event, Pincher Creek, 22; Bellevue, 25. 25 bird event, Pincher Creek, 41; Bellevue, 84. Shooting at the local traps is delayed owing to difficulty in procuring birds.

A sub-committee from the joint committee on co-operation of the Methodist - a. u. d. Presbyterian churches of Alberta, consisting of Revs. Shearer, Murray, Harrison and Irwin, met in the Methodist parsonage on Thursday evening last to arrange certain matters in this district. It was decided that the Presbyterian church should assume the responsibility for services at Lundbreck and that Hillcrest should become a Methodist point. Rev. W. T. Young of Frank will open the Methodist cause at Hillcrest as soon as details are arranged.

**Dr. de Van's Female Pills**  
These pills are especially powerful in regulating the female system. They cure all the ailments of the female system, such as irregular menstruation, white discharge, etc. They are sold by all dealers.

## "What Good Roads Means to Canada"

New Westminster, B. C., April.—Young people throughout Canada are taking a great deal of interest in the essay competition fostered by W. J. Kerr, president of the Canadian Highway Association, who has offered a handsome gold silver and silver medals for the best essay on "What Good Roads Mean to Canada."

Although public announcement of the fact was only made two weeks ago, the headquarters of the Canadian Highway Association already receives the examination room of a college just before graduation. Every day from three to twenty essays are received by the secretary, P. W. Lane, who has in hand the classification and preliminary judging of the essays submitted.

The reading of the papers and the awarding of the prizes will be done by a competent committee selected because of long experience in newspaper and magazine work, and that the judgment of these men will give general satisfaction is not to be doubted.

Some of the papers received by the secretary bear the marks of earnest and careful preparation. Others, as can be expected, are written in a haphazard and careless manner and are not to be counted as serious competitors for the valuable prizes. All countries, however, win papers show evidence of study of the subject, will be presented with a sovereign silver pin.

Some of the competitors are only fourteen years of age and others are approaching the limit of eighteen years, but the majority are from sixteen to seventeen years of age.

Papers have been received from Harrison, Ontario; Killam, Alberta; Olney, N. S.; Renfrew, Ont.; Montreal, Quebec; Cornwall, Ontario; Brandon, Manitoba; Saskatchewan; Dauphin, Vernon, Kamloops, Okotoks, Nelson, New Westminster, Vancouver, Victoria; Nanaimo, Chilliwack, Creston, Coquitlam and many other places.

Up to the present the essays submitted by the boys show more careful thought and deeper study than those submitted by the young ladies, but in the opinion of Mr. Kerr this does not mean that the girls are left behind when the competition is decided. He believes that the girls are taking their time and going more deeply into a study of the economics of food roads and that during the two weeks preceding the close of the competition there will be a large number of carefully prepared papers received from the members of the gentler sex.

Secretary P. W. Lane has prepared a circular which he is sending to all children who require information that will help them in the composition of their essays. This circular is intended as a guide, and while it is of considerable assistance to the children, it does not give those who receive it any unfair advantage over those who have already prepared their papers and forwarded them to him. He was induced to get up this little leaflet because so many children were writing to him for advice that he felt that he was asked the same question over and over again.

Any prospective competitor can obtain one of these leaflets by sending a letter to the secretary at the headquarters of the association, Room 6, Cunningham Block, New Westminster.

## Toronto Glee Club

On Friday night of this week the people of Blairmore will have the pleasure of hearing a big musical attraction at popular prices without going to the large cities. The Toronto Glee Club headed by the famous bass-cantante will give one concert in Blairmore. Open House. The name of Rathven MacDonald should be sufficient to place the place to the doors.

The programme is a popular one arranged to suit all tastes, an abundance of good, wholesome music being introduced to suit variety. Popular prices will prevail, no seat being higher than 75 cents.

## Happenings in and Around Frank

Charlie Clark put on a moving picture show at the miners' hall Saturday night.

R. McGowan has rented W. Simpson's residence on Main Street, and will move in there shortly.

W. Simpson and family have moved to Hillcrest, where Mr. Simpson has secured a position as master mechanic.

The Presbyterians have given over the Hillcrest mission to the Methodists, and the work there is now in charge of Rev. W. T. Young.

Rev. G. M. Wreghitt, of Lillo, conducted the Easter service in the Methodist church on Sunday night, while the pastor, Rev. W. T. Young officiated at Lillo.

Mr. McKay, principal of the Frank public school, left for Calgary Tuesday, where he will attend the annual convention of the Alberta Educational Association.

In cases of rheumatism relief from pain makes sleep and rest possible. This being a genuine relief by applying Chamberlain's Liniment. For sale all dealers.

A slight fire in Bobbinian town created a little excitement on Tuesday morning. The hurried application of a shoveler from the house quickly quenched the flames before much damage was done.

A delegation from Frank went to Edmonton on Wednesday to consult with the members of the parliament re the possibility of relieving Frank from its present danger. It is hoped immediate steps will be taken.

## Status of Fan-Tan

Fan-tan is not a gambling game nor is it unlawful, is the contention of Mr. W. C. Moreby, who is defending sixteen Chinese charged with being in a gaming house at 558 Figgard street, and Magistrate Jay has adjourned the case until tomorrow morning to consult authorities in this regard. Mr. Moreby said his clients were club members, and they were enjoying themselves playing fan-tan in their rooms at the Empire club, a daily licensed place, when the police broke in.

Detective Inspector Perdue said that, armed with a warrant, he and Detectives Murray and Carlow had gone to 558 Figgard street. The lookout on a platform at the head of the stairs had been unable to pull a rope and that a door with a spring lock before Detective Carlow got it wedged a sledge hammer between it and the jamb, preventing the heavily barred door from being closed.

He described the scene about four tables, where a crowd played fan-tan, and the hurried flight which followed, calling how the trio of police had arrested the sixteen men in flight, some on the fire escape, others hidden about the premises. A large amount of paraphernalia, table, etc., broken up and removed from the place, were produced in court. The two other officers gave similar evidence.

One of the tables was set up in court and Yip Wing, interpreter, acted as broker and showed how the game was played. Mr. Moreby making various pleas tending to show that there was no percentage in favor of the houses.

Blairmore Lodge, No. 65, meets in their hall, 850 Victoria St., every Tuesday at 8 o'clock. Visitors welcome.

## Happenings in and Around Blairmore

W. M. Watmore and wife have moved to Kamloops, B. C.

Mr. Bigger, of Bow Island, spent Easter with friends in town.

Dr. Wright, dentist, of Pincher Creek, spent Saturday in town.

J. D. Barrett, of this journal, will arrive about Sunday from the coast.

R. B. Bartlett, of the Pioneer Furniture Store, Macleod, spent Sunday in town.

Miss Edmondson, of Calgary, is spending Easter with her sister, Mrs. H. G. Bigelow.

Mr. and Mrs. Peterson and Miss Gardner, of Macleod, spent Easter with Mr. and Mrs. W. L. Shera.

Rev. W. H. Irwin of Bellevue, will occupy the pulpit at the Central Baptist church next Sunday morning.

Special Easter services were held in the different churches here on Sunday last and were largely attended.

A. A. Sparks has secured license to carry on business in temporary quarters until the new hotel is completed.

Monday night's hall at the opera house was the most enjoyable and largely attended affair ever held in Blairmore.

Misses O'Brien and Darrah, of the teaching staff, spent Easter with friends in the northern part of the province.

Foundation work for the addition to the Rocky Mountain Cement Co.'s plant is progressing and a large number of men are employed.

Work of excavation for the new hotel which is to replace the Cosmopolitan is progressing well, a large number of men being employed.

Don't forget the Railway Telegraphers' Ball at the Blairmore opera house on Friday night of next week. This will be the finest event of the season.

F. W. Carlin, who had been employed as receiver for the Winnipeg Jobbers, Limited, here for some time past, has taken up similar duties at Bow Island.

A disturbance of the Sunday peace was brought before Justice Pinkney on Monday morning and fined \$3 and costs, in all \$8.50, covering means of conveyance to the "coop," etc.

J. M. Carter will conduct a mammoth auction sale of furniture, jewelry, etc., at the corner of State Street and Sixth Avenue, on Wednesday, April 17th. See his large bills.

Don't forget the big musical treat to be given in the opera house tomorrow (Friday) night, by the Toronto Glee Club. A large number of tickets have been sold and seats will be at a premium, so be on hand early.

Great interest is being manifested in the coming boxing contest between "Young" Morris and "Dick" Marshall, and as both the parties have been in good training and are in excellent trim, this bout will be interesting.

D. A. Kinner, who had been connected with P. Burns' headquarters here for some time, has been transferred to Cranbrook, and left for there on Friday. Before leaving, his competitors of the Shamrock Club tendered him a "send-off."

Tomorrow night, Coleman Lodge of the Independent Order of Odd-fellows and Victoria Rebekah lodge will hold their anniversary ball in the opera house, Coleman. Arrangements were first made to give the ball at the Eagles' hall, but as an unusually large attendance is expected, the opera house was thought to be more suitable. A large number of members of the I.O.O.F. will attend from Blairmore.

## A Socialist-Capitalist.

Great commotion will be felt for Mr. J. H. Hawthornthwaite, a member for Neasham, on the descent to the ranks of capital. No man who has watched Mr. Hawthornthwaite can doubt his long and successful career as a Socialist. His long and successful career as a Socialist is well known to all who have seen him. He has been a member of the House of Commons for many years. He has been a member of the House of Commons for many years. He has been a member of the House of Commons for many years.

No specious plea that by thrift, hard work and exercising considerable ability he has been able to take advantage of the opportunities offered will serve him. No declaration that when you live in Rome you must do as the Romans do, will save him. Property is the private ownership of the means of life. Mr. Hawthornthwaite has made the declaration from a hundred platforms within the past year, and as such must be abolished.

There is only one excuse for Mr. Hawthornthwaite. He is an Irish man from Westmeath. Everybody knows that the charming, delightful, over-courteous and friendly "humourous" son of Erin is ready to share everything with his friends and no doubt Mr. Hawthornthwaite will keep up the Irishman's reputation. At any rate his inimitable success will appeal to all who know him as a sign of his next excellent humor.

## Bellevue Marksman Defeat Pincher

Pincher Creek, Alta., Apr. 5.—Today (Good Friday) was kept in the usual holiday style, all business places, banks, schools, etc., closing up, while the pleasure seekers sought some in automobile, carriage or game. Some attended church service in the forenoon. The big feature of the afternoon was a fine contest at trap-shooting grounds, the contesting teams being Bellevue and Pincher Creek. The visitors came off victorious, winning by a total of twenty-three points, with two hundred and eighty birds a side. The following is the score each man shooting at 10 birds:

BELLEVUE  
Murray 30  
Burnett 29  
Bower 20  
Holmists 20  
Lyons 14  
Winston 14  
Dowley 12

PINCHER CREEK  
Hinsler 26  
Farly 24  
Vroom 16  
Upton 15  
Tucker 10  
Dwyer 8  
Lindsay 8

The home team were handicapped by the absence of several of their best men. A crowd of spectators attended, though the cool weather prevented many being present. The new automatic tray was used, doing its work very satisfactorily. The club, which now numbers 42 members, will hold a tournament at an early date, probably in April.

## Top of a Mountain Falling

The Chicago Ledger prints the following false statement from Frank, dated April 4th, 1912:

"I have rocks the other day rolled down the Turtle mountain, crashing through several cottages belonging to miners at the base of the mountains. No one was injured because the occupants, fearing danger, had moved out the last few days. The houses are widening and none here doubts but that the top will come down soon. Nine years ago a similar slide occurred, when ninety-two people were buried under thirty-two feet of rock and mud."

Electric Restorer for Men  
This is a new and powerful medicine for the treatment of all diseases of the male system. It is a powerful medicine for the treatment of all diseases of the male system. It is a powerful medicine for the treatment of all diseases of the male system. It is a powerful medicine for the treatment of all diseases of the male system.

J. D. S. BARRETT, Editor.

W. J. BARTLETT, Manager.

Bellevue, Alta., Friday, April 12, 1912

Editorial Notes

The first edition of "The Coleman Bulletin" came out this week and is a fair looking sheet.

All sides of the town of Blairmore have their particular industries and resources, but the brewery can hold its own and bear up with any of them.

Bellevue is on the map, and it would not be a bad idea to watch her grow. There is room in Blairmore for thousands of people, and judging by the present growth of the town the time is not far distant when she will tip the scales with any of her neighboring towns.

Steps are being taken under the superintendency of Fire Chief Burrows to organize an efficient fire brigade for Blairmore, which will be capable of performing great work as soon as the fire hall and equipment are at their service. At the recent fire, Chief Burrows and his band of volunteers did excellent work, which has called forth praise from every citizen of Blairmore.

## Commission in Session

On Tuesday, April 9, the special commission appointed by the Sifton government for the purpose of drafting proposed amendments to the Coal Mine act of the province held its first meeting in Calgary and the commission will meet in session every alternate week throughout the summer and fall. John Sterling, provincial inspector of mines, has been appointed chairman. The operators will be represented by Walter F. McNeil, of Calgary, secretary of the Mine Operators' Association, while W. Baden-Powell, of Coleman, president of the local Union Mine Workers of America, will bring to bear upon the problems of mining in Alberta an intimate knowledge of the miners' requirements.

## Licenses are not Increasing

Edmonton, Alta., April 9.—At the annual meeting of the license commissioners to be held through the province during the month of May, 260 applications will be brought before the board, either for renewals or for new licenses in spite of the vast increase in the population of Alberta during recent years, the number of licenses has remained almost stationary, the new licenses granted being practically offset by old licenses that have been cancelled or allowed to lapse. Last year 247 licenses were granted and when this year's list has been considered it is possible that no increase will be shown. Among the 260 are a considerable number of applications for new licenses.

## Methodist Vote is 88 P.C. for Union

Toronto, April 8.—One hundred and twenty-four Methodist congregations have completed their vote and official count shows 21,134 for union, and 2,808 against. Thus 88 per cent. of the total vote is in favor of union. The vote counted while the last day or two shows that many of the Methodist boards vote unanimously for union.

## WHAT DO YOU KNOW ABOUT IT?

### Wireless Extending

Montreal March 30.—Mr. E. A. Roach, Secretary-Treasurer of the Canadian Marconi Wireless Telegraph Company, received information from England, to-day, which confirms the statement made some days ago in a cable dispatch to The Star that an Imperial sacking of wireless stations would be established throughout the Empire.

According to the information received by Mr. Roach, the Postmaster-General of Great Britain, acting on behalf of His Majesty's Government and the Governments of the Dominion and Colonies, has accepted the contract tendered by the Marconi people for the construction of all the wireless stations which will form the Imperial wireless scheme.

This scheme consists of the placing of wireless stations throughout the Empire in such a manner that immediate communication may be had with any of the Colonies.

The Postmaster's acceptance of the Marconi contract will, therefore, be the first step towards the establishment of wireless around the globe.

The practicability of this so called Imperial wireless scheme was ascertained by the Colonial Premiers at the Imperial Conference of last June, immediately following this endorsement of the plan, experts were set at work making estimates as to the cost of the establishment of the six stations which will constitute the aerial link of connection which will serve to more closely unite the Empire.

According to the reports of these experts, the six stations will cost approximately, some four or five thousand pounds and will be established at London, Egypt, Aden (Arabia) Free

State, (South Africa) Bangalore, (India) and Singapore. These stations will be of immense power, and will easily radiate electrical waves for a distance of two and three thousand miles.

Although the officers of the Marconi Company refuse to detail all the conditions of the contract, it is known that the stations will be operated by the Marconi Wireless Telegraph Company for the first six months following their establishment, and will then be completely taken over by the Government.

Another clause of the contract states that the Government will have the power to terminate the agreement at the expiration of eighteen years; but, by so doing, must forfeit the right to the use of any machines or instruments, the patent of which is held by the Marconi Company.

The value of a wireless chain to the Empire cannot be over estimated, for by this means the Home Government will not only secure cheaper and easier communication with the Colonies, but will be able to remain continually in touch with its fleet, and will be entirely independent of the submarine cables.

### Compelled to Kiss Flag

San Diego, Cal., April 6.—Nearly one hundred Industrial Workers of the World, almost all of whom admitted they were anarchists, knelt and kissed the American flag at dawn Friday near San Onofre, a small settlement near the Orange County boundary line. The ceremony which was most unwillingly performed, was witnessed by forty-five deputy constables and a large body of armed citizens of San Diego.

## A RARE OPPORTUNITY FOR LIVE INVESTORS

## Lake City

Is the name of the Western Terminal Point of the proposed Crow's Nest Pass Electric Railway and is already tapped by the Pass line of the C. P. R., while the G. N. R. has already approached to within a few score of miles and must eventually pass through this admirably located town.

### Lake City

Is located by the shore of Crow's Nest Lake, only a few miles east of the provincial boundary between Alberta and British Columbia, and just north of the International line. In reality, it is at the top of Canada where the majestic Rockies tower in serene magnificence over great chasms and numerous fords, reflecting their presence on the waters of this beautiful lake. Here also are afforded the very best tasks for the daring mountain climber and for huntman who desires to outlive the quiet ways of the Rocky Mountains goat, sheep, deer or elk, which are the monarchy thereon. In close proximity are numerous timber, mineral and fuel resources, development of which is now in its initial stages. These resources include gold quartz, coal, iron and pulp wood.

Crow's Nest Lake has long been looked upon with promise as an admirable location for health and tourist resorts, and but now this promise is being realized. Plans for hotels, etc. are being arranged, as well as boat houses, and the most modern pleasure yacht will soon glide over the surface of this beautiful lake.

But a few weeks ago lots were placed on the market, and the agents have had their hands full attending to purchasers. Prices run from \$150 up. For further particulars apply to the agents:

Thomas P. Cyr Harry J. Matheson H. S. Pelletier

## DOUBT

Later Concludes That the Deacon is a Pirate.

## SHE WRITES HER EPIGRAM.

Meanwhile Dolly Reads a Circular About the Nature of Coals—Furnace Arrangements Are Called On and the Family Clock is Wound.

By M. GUARD.

Copyright, 1914, by Associated Literary Press.

As the supper table Deacon Dolly suggested that he had better go down to the village post-office and see if a letter had come from Mrs. Dolly's sister in Indiana. He didn't argue and didn't, but merely suggested as he reached over for a third helping of liver and bacon. It took Mrs. Dolly ten minutes to acquiesce, but after a time she got around to it and the deacon nodded.

"If I knew that thing would happen in his absence, but he had never tried to control destiny and wasn't going to try now. Mrs. Dolly's sister died about ten years ago, but she was the dearest of him as he shut the gate behind him.

"There was no letter. You can never depend upon any one living in Indiana to write a letter on a certain day. Any words that you said to him will do."

Deacon Goodheart was also at the postoffice. He was waiting for a letter from his student in Ohio. Neither deacon received a letter, but Deacon Dolly

did get a circular regarding cows and their milk. What it said was that the circular had been sent away in his pocket but that he should check the other deacon to see if he had the circular to the grocer and have a game of checkers. Mrs. Dolly said they went, and before the game was decided it was 10 o'clock. Both deacons passed for breath as they looked at their watches, and then both looked for home on the spot.

Would Mrs. Dolly have gone to bed? Would she be asleep in her chair? Would she be laughing by the next upstairs or down cellar?

Mrs. Dolly felt good. She was smiling at her own thoughts. She was asking questions, and she was mentally determined that she would take advantage of the first favorable occasion to let Deacon Goodheart for straining the game out so long before giving up. However, she did not precipitate herself into the house. On the contrary, he was calm.

"There was a din and stir in the kitchen. He turned it up, and with several grunts of satisfaction he let Deacon Goodheart for straining the game out so long before giving up. However, she did not precipitate herself into the house. On the contrary, he was calm.

## INSULTING ROYALTY.

Terrible and Death Used to Be the Fate of the Peasants.

People who went out of their way to insult the monarch in days gone by were not treated with any more leniency than the peasant who insulted the monarch in a more serious case.

For instance, Louis XIII, the famous French king, was sent to prison for two years—exactly twice the length of Mr. Morley for calling George IV. "a damned old fellow."

And George was not even king at the time, only regent.

Going back further still, we find John Wycliffe, a student of Lincoln, was arrested for libeling King, Henry IV. He was sentenced to have his right hand cut off, and the barbarous punishment was inflicted in public in the market place at Westminster by driving a cleaver through the wrist with a mallet.

Then there was that unhappy Walter Raleigh, great at the court, but not so hot at the bar. When Edward IV. was king, he was made a knight of the Garter, but when Edward VI. was king, he was ordered to be arrested and put to death for treason.

Almost as hard was the fate of the Buckinghamshire church, who, drinking one day in a village inn, were surprised by a party of soldiers. The soldiers, who were in the village, were ordered to be arrested and put to death for treason.

It is very French and chic this season to have an ensemble set, consisting of hat, cape and muff, made of silk and maroon.

Such a smart little outfit is pictured of black silk and white maroon. The muff is an enormous confection resembling a big, loosely draped bonnet. And there is an air of newness about the shoulder cape, which is gathered in a deep shade effect.

The pole-shaft bonnet is becoming to a pleasant face.

Parted Lips Soften Photograph. A woman was being posed for her photograph in a gallery the other day when a well known actress happened in. She stood a few moments watching the struggles of the sitter to assume a satisfactory expression. At last she offered a small suggestion. "If you will moisten the lips and slightly part them," she said, "you will find the face takes on a natural, unstudied expression at once. When the photograph is finished, the mouth will not appear to be open in the least, but there will be a soft line where the lips meet. The teeth will not show unless the lips are slightly parted considerably. But as for that," she added, "many a face looks so pretentious with the teeth showing a bit—no need to display in a grin, you know, but merely suggested." The woman who was being taken took the advice, and the pictures turned out very good.

Care of Aluminum. Aluminum utensils for the kitchen are becoming daily more popular on account of their light weight and cleanliness. They must never be washed with soda, soap and water, but only with a little powdered washing for polishing.

Ready For the Bell. Chiffon cloth as a material for the evening frock has been very much earned popularity. It lends itself beautifully to draping and is light and at the same time durable.

The cat displays another variant of the ubiquitous black and white color.

How to Arrange the Garden. Put the small fruits and permanent vegetables (asparagus, rhubarb, herbs) at one end of the garden. Put strawberries near the plowable land.

Make a path three feet wide or more through two sides of the garden at right angles to the rows. Have no path in the center. Make a path a foot wide between every five rows of small vegetables.

Put the tall vegetables (corn and pole beans) where they will not shade the small vegetables—that is, at the north end of the garden.

Use the warmest, highest and best drained spot for the earliest crop—vine, the first sowing of peas, with spinach, lettuce and radishes between the rows.

Country Life in America.

Historical House Crumbling. One of the most important landmarks in southern California, the old adobe house southeast of the Raymond hotel, South Pasadena, Cal., is crumbling, and efforts are being made to keep the structure intact. It was in this house that General Pershing was born.

## THE ROOSEVELT DAM.

One of the Remarkable Engineering Feats of the Age.

The Roosevelt dam, in Arizona, the most important masonry structure yet constructed by the nation, was formally dedicated on the afternoon of March 18 by former President Theodore Roosevelt in the presence of the prominent territorial officials, the government, engineers, and citizens from all parts of the southwest.

"This dam is one of the most impressive things I have seen in the southwest. It is a masterpiece of engineering and construction. It is one of the great engineering feats of the age. It will save the people of the southwest from the pet water of the Colorado river. It will save the people of the southwest from the pet water of the Colorado river. It will save the people of the southwest from the pet water of the Colorado river."

The dam is 1,000 feet high, its length on crest is 1,000 feet, and its culbital content is 400,000 yards. Its base covers approximately an acre of ground. The first stone was laid on Sept. 20, 1906, and the structure was finally completed on Feb. 3, 1911.

The Roosevelt dam serves a dual purpose—first as a conservator of floods and, second, to develop power. The storage reservoir created by the dam is one of the largest artificial bodies of water in the world. Spread out a foot deep, it would more than cover the entire state of Delaware.

The water supply not guaranteed by the Roosevelt reservoir runs at a quarter of a million sere per second. The dam will save the people of the southwest from the pet water of the Colorado river. It will save the people of the southwest from the pet water of the Colorado river. It will save the people of the southwest from the pet water of the Colorado river."

The dam will save the people of the southwest from the pet water of the Colorado river. It will save the people of the southwest from the pet water of the Colorado river. It will save the people of the southwest from the pet water of the Colorado river."

## Regular Meeting Of Town Fathers

Much Business Transacted At Tuesday Night's Meeting—By-Laws Receive Final Readings.

The regular meeting of the Blairmore town council was held on Tuesday night of this week, the following adjourned of civic affairs being present: Mayor Lyon, Councillors Smith, Sinclair, Dutil, Chestnut, Farmer, McLeod.

A number of communications were read and passed, including one from Supt. Uren, of the C. P. R. respecting the desired crossing over the railway right-of-way at Eighth avenue, from Messrs. W. and A. Hows, seeking compensation for damage done to certain articles of clothing while fighting the recent fire, and a similar demand from Mr. "Red" McLeod and two letters from L. P. Cherry, deputy attorney general, replying to the secretary's communication relative to houses on the street line of Dearborn, ordered referred to solicitor.

Also the following accounts were read, some of which were ordered paid: W. A. Beebe for rent of council chamber \$20, Alberta Livery \$51, E. E. Opton, an out-of-town tailor, for police uniform \$18, secretary's groceries \$30, chief of police's salary \$100, several similar accounts, and a bill from W. A. Beebe for \$50 for a log shack removed by the town from the line of Victoria street.

A letter from William Beard offering ten acres of land situated south of town, for the purpose of a nuisance ground, was read. The ten acres were offered for the nominal sum of \$1500. The matter was referred to the public works committee.

Another letter was received from Misses Cogland and Fulton, complaining of the unpleasantness caused by the dumping of rotten material in a pit near the mercantile hall on Dearborn street.

The council were informed by the secretary of delay in receiving advice, etc., from the town's solicitor, and upon motion by Sinclair-Smith, the finance committee were advised to look into this matter.

L. Dutil brought in a report of proposed and necessary extensions of the water service, which extensions would cost in the neighborhood of \$2100. This report was accompanied by blue prints defining the different routes, location of hydrants, etc., and was handed over to the finance committee for their estimation.

Sinclair-Smith—That the chief of police state that the town hydrants are not tampered with without written consent of the waterworks committee. Carried.

Councillor Smith, of the fire and water committee reported that six names of ten men who rendered nine hours service at the recent fire, and whom he recommended as entitled to some remuneration from the council for their services. On motion they were allowed the sum of \$3.00 each. Council then voted the sum of \$25 to be paid to each of Coleman and Frank fire brigades in recognition of the valuable services rendered by them at the recent fire in

### Brewer Arrives

Christian Ernst arrived in town this morning. Mr. Ernst is an experienced brewer and has been engaged by the Blairmore Brewing & Malting Co. to superintend the work at the company's plant here. He left on Monday for Philadelphia, where he will look after the selection and shipping of several carloads of machinery, which is expected to arrive here about the beginning of May and will be immediately installed.

The Blairmore Brewing & Malting Company are the owners of one of the finest manufacturing plants in Southern Alberta, and its opening up will mean a great impetus to the industrial life of Blairmore.

The company was incorporated about twelve months ago, with a paid up capital of \$50,000. The present brewery was erected at a cost of approximately \$40,000 and is most admirably equipped. During the past six months the capital of the company has been doubled, and now with a capital of \$100,000 this new company is in a position to carry on a business which will mean much to this town and the neighboring country.

### Blairmore.

Secretary was asked to write the Rocky Mountain Cement company re the present light service.

It was recommended that Dr. A. E. Baker be appointed as medical health officer.

Sinclair-Dutil—That Secretary write West Canadian Collieries, Limited, informing them that council had already decided on a site for a fire hall.

Councillor Dutil asked fire and works committee what had been done with sidewalks removed from in front of the Cosmopolitan hotel ruins, and was informed by Councillor Sinclair that they had been sold.

Considerable discussion took place over the removal of certain sidewalks from Dearborn street. Councillor McLeod stated that a certain plank walk existing in front of his property and in which he claimed to have been instrumental in having placed there, was removed last week by the mayor. Mayor Lyon claimed to be the sole owner of said sidewalk and was at liberty to do as he pleased with it, but the feeling of the council was to the effect that the sidewalk once laid became the property of the town and could not be removed without the town's consent.

Dutil-McLeod—That works and property committee take steps to have planks replaced on Dearborn street, from where they had been removed. Carried.

Smith-McLeod—That D. A. Sinclair and L. Dutil be committee to assist secretary-treasurer in making assessments. Carried.

Councillor Smith gave notice that he would at the next meeting introduce a by-law providing a fire limit of district for the town of Blairmore.

Councillor Farmer gave notice that he would at next meeting introduce a by-law regarding a discount on taxes prepaid to a specified date. Also that he would introduce a by-law at the next meeting regarding the necessary qualifications of voters, also allowing for a carry vote.

Next followed the third reading of By-Laws Nos. 6, 7, 8, 9, 10 and the second reading of By-Law 11.

No other business the council adjourned at 12 p.m.

## Sensational Trial Reaches a Climax

Friz Eberts Sentenced to Hang At Macleod On June 1st For Murder of Constable Wilmett

What has been the most sensational murder trial in the history of Southern Alberta, was brought to a practical issue at Macleod on Saturday night at 9:40, when Friz Eberts, who was charged with the murder of Constable George E. Wilmett, of the R. N. W. M. P., was convicted and sentenced to hang at Macleod on June 1st next.

As will be remembered Constable Wilmett, a young and efficient member of the Royal North West Mounted Police force, while in the discharge of his duties in the chase after burglars at Frank on the night of April 12th, 1908, (practically four years ago) was shot at and wounded, resulting in his death. Since that time the vigilance of the whole force of the R. N. W. M. P., of both Alberta and British Columbia have been at work in an endeavor to locate the perpetrator of that cold-blooded deed, and not until last November could anything be brought to light that would warrant the arrest of any individual on this charge. About that time the police were made aware of the fact that a woman at Mielie, B. C., during a family dispute had divulged the mystery upon which the police worked up evidence sufficient to warrant the arrest of Friz Eberts and a chum Mathias Jasbecas parties to the crime. Both were at once arrested and brought to Macleod, where they were retained until the present to answer to the charges preferred against them.

The hearing of the Ebert trial came up on April 2nd, and the shortness of the trial gave sufficient proof of the abundance of evidence brought against the suspects.

The R. N. W. M. P. deserve great credit for the termination of this particular case, which will result in a just reward being doled to the perpetrator of this dastardly crime.

Mathias Jasbec, on the charge of being an accomplice to the murder of Constable Wilmett, comes up for hearing at Macleod on May 8th, and the result of this case is eagerly looked forward to.

### The April Rod and Gun

Once more Rod and Gun in Canada is out as a special Spring Fishing number—the April issue, and as usual there is something to interest fishermen in every Province of the Dominion. The Rest Easy Fishing Club's Canadian Outing on the French River is (looming number and, before us is a good one, illustrating the fine sport indulged in by a party of American sportsmen who answered the call of the wild in Algonquin Park. In this story it was not the fish that got away as is evidenced by reproductions of photographs taken by the "Official Photographer" who accompanied the party, one of which, "I Love My Best Girl Out on My Musellongue," has been utilized as a cover cut. Of exceptional interest also is the account of a fishing trip, through Turkey Lakes,
